Senate Representation Plan Revised At Meet

A third proposed plan of Student Senate representation was discussed by that group Monday night. This one is a revised form of the second plan studied Feb. 26 by Senate.

One of the basic changes is that it provides for 16 Senators—13 upperclass representatives elected at-large, two elected from the incoming freshman class, and a vice-president who would serve as executive legislator.

The plan presented earlier also called for a total of 16 members, but with 14 upperclassmen elected at-large and two from the incoming freshman class.

Compromise Offered

One of the controversies of Plan two was whether officers should have any legislative and voting powers. This third proposal offers a compromise, giving the vice-president legislative and voting power along with his other duties.

The treasurer and secretary would only carry out their duties, with no voting power. The president would retain his right to vote in a tie vote situation.

The entire student body would vote for 13 representatives from any class, either Greek or independent. Candidates would be listed alphabetically with their social status of Greek or independent given.

Party Plan Proposed

The other proposal was that candidates be listed in one of four political parties: independent men, independent women, fraternity men, and sorority women.

Other provisions of the suggested representation plan are similar to Plan two, published Jan. 16 in the B-G News.

Senate approved preferential distribution of the Campus Chest Drive funds to the seven charities taking part in that campaign last fall.

Students Choose Charities

When contributing to the drive, students were permitted to state on a card which charities they wished to receive money. The funds will be distributed on that basis.

Previously the money had been given out on a percentage basis, William Bittner, co-chairman of the Chest Drive last fall, said.

The revised Senate budget for 1952-53 was approved, and the Senate meeting time was changed from 7 to 6:30 on Monday evenings.

Committees Chosen For Greek Week

Co-chairmen of the Greek Week committee, Patricia Clark and David Freedheim, announced subcommittees for that week's events. No date has been set for the week.

Committee chairmen are as follows:

Publicity, Clyde Hamblen and Nancy Hartwig; exchange dinners, Jackie Gribbons and Hugh Simmonds; May sing, Barbara Poppe; IFC banquet, Richard Longanbach; band, Charles Jacobs and Robin Smith; Panhellenic banquet, Jo Ann Kostelnik. Charles Bonser is treasurer.

Leading Role

—Photo by B-G News
Jack Mullen will play the leading role of "Peer" in Henrik Ibsen's play, "Peer Gynt," when it is presented March 4 to 7 in the Main Aud.

Tryout Date Set For Variety Show; Best Act Gets \$25

Tryouts for the Varsity Club Variety Show will be held from Feb. 23 to 26, according to Marvin Crosten, co-chairman.

The place and time for the trials will be announced in the near future. Anyone is eligible to compete for the \$5 prize to be given for the best act of each night and the \$25 grand prize to be given on the final night. The acts may range from one to 10 minutes in length.

Bowling Green Alum Co-Authors Article

William A. Bulen, Bowling Green graduate, is the co-author of the article "An Automatic Constant-Volume Fraction Collector," which appeared in the December 1952 issue of The Journal of Chemical Education.

The article was written at Ohio State University by Bulen and Joseph E. Varner. It describes the design of a new collector, an automatic distiller, which is useful in the chemical laboratory.

Bulen received his BS Degree in chemistry here in June 1949 and worked on his Master's Degree at Ohio State.

Bookstore Pays Cash

Alpha Phi Omega bookstore will be open Monday through Friday, Feb. 16-20, to distribute cash and return unsold books, according to Raymond Bertelsen, head of the bookstore.

Hours will be from 9 to 12 a.m. and 1 to 4 p.m.

McKay States Rates Raised For Students

"All rates of pay for student employment are being increased," according to Robert E. McKay, newly appointed student Financial Aid Counselor.

The base pay rate of 65 cents has been raised to 75 cents, effective Feb. 1 for all of the University's approximately 432 student workers. The purpose for the increase, stated in a letter sent by Pres. Ralph W. McDonald to all student employees, is to enable all persons affected to have more time for studies and other activities by making it unnecessary for them to work too many hours.

A program of longevity, in which there will be pay scales for each job, the length of time worked, and the quality of the work, will be instituted next year.

Eyas Contributions Deadline March 16

Contributions for the Eyas, Bowling Green's literary magazine, are being accepted by June Emery, this year's editor, at the Phi Mu house, or in 6 English Building. The deadline for contributions is March 16.

The magazine, which is being published sometime in April, is offering a \$5 prize for the best contribution in the field of poetry, and an equal prize for the best entry in prose.

Literary works in all of the fields are being accepted, with the emphasis placed toward the humorous. Any University student, regardless of school or major, is eligible to contribute, according to June Emery, editor of the magazine.

Three To Compete In Speech Contest Here During Month

Bowling Green State University will enter three delegates in the State Speech Contest in individual events for women Feb. 20 and 21. The contest will be held at Wooster College and all Ohio universities and colleges may participate.

The contest is divided into three categories consisting of interpretative reading, original oratory, and extemporaneous speaking. Tina Lazoff will enter the interpretative reading division, Jean Butler is the Bowling Green entry in the original oratory, and Lydia Ellison is to enter the extemporaneous speaking event. Robert D. Richey and Dr. Donald C. Kleckner, assistant professors of speech, will accompany the entrants to Wooster and also judge the contestants.

Cash awards of \$25 for first, \$10 for second, and \$5 for third will be presented to the winners of each division.

Prom Committee Sets Dance Date

The U-A Prom date is set for May 23, according to Nancy Brown, chairman of the committee. Plans are being made for the theme and band for the Prom and will be released at a further date.

Metropolitan Opera Star To Sing Here Sunday

Mildred Miller, mezzo-soprano of the Metropolitan Opera Association, will sing Sunday evening, Feb. 15, in the Men's Gymnasium at 8:15. This program will be the sixth Artist Series of the year.

★ ★ ★

MILDRED MILLER

The program will include two arias of Cherubino from "The Marriage of Figaro," and "Seguidilla" and "Habanera" from "Carmen." Theodore Schaefer, pianist, will accompany Miss Miller.

Outstanding Soprano

Mildred Miller is considered by many to be one of the outstanding sopranos in the Metropolitan Opera today. Born in Cleveland, Miss Miller studied music at the Cleveland Institute of Music. At that time she planned to become a music teacher. After graduation she was auditioned by Boris Goldovsky and joined his opera company in Boston. Later she studied music at the New England Conservatory in Boston. After winning a Frank Huntington Beebe Award, she went to Europe to study. There she gained operatic experience by singing for one season at Stuttgart and appearing with the Glyndebourne Opera at the Edinburgh Festival.

She made her Metropolitan debut on Nov. 18, 1951, as Cherubino in "The Marriage of Figaro." An immediate success, this led to the roles of Suzuki in "Madame Butterfly" and Prince Orlofsky in "Die Fledermaus." Recently Miss Miller has been on tour.

Miss Miller is married to Captain Wesley Pasvar, a West Point instructor. The couple have one son and live in Pierskill, N. Y.

Other Selections

Besides selections from "The Marriage of Figaro" and "Carmen," the program will include: "If Thou Art Near" by Bach, "Wohin," "Serenade," and "Gretchen am Spinnrade" by Schubert. Tickets may be obtained at the Speech Building from 1 to 5 p.m. until Friday night or at the box office Sunday night.

Print Exhibition Now On Display In Art Department

An exhibition entitled "Fifteen Modern Prints," circulated by the American Federation of Art, is now on display in the Fine Arts gallery.

The prints will be displayed until Feb. 22. Since art classes are scheduled in the gallery during the morning, visitors are requested to see the exhibition during the afternoon.

Most of the prints are in color and display lithograph and intaglio techniques as created by contemporary modern artists.

While placing emphasis on texture values, the artists have used varied subject matter; from flowers to horses, and from roosters to the purely abstract.

Five Students Attend Methodist Seminar

Five persons from Bowling Green attended the Citizenship Seminar sponsored by the Methodist Student Movement in New York and Washington, D.C., from Feb. 1 to 6, according to Joan Smith, associate director of United Christian Fellowship.

Those attending were Darl Ault, Mary Chambers, Donald Simmons, Miss Smith, and Sandra Williams.

Purpose of the seminar was to learn the facts behind the news, to meet the people who make the news, and to see the United Nations and Congress at work.

While in Washington, the group had a special meeting with Senator John Bricker of Ohio. In New York, they heard Eleanor Roosevelt speak on "Human Rights."

College Dancers Give Concert

—Photo by Bennington College

Pictured above are four members of the Bennington College Dance Group which presented a dance concert last night in the Main Aud. The dance program was sponsored by the health and physical education department.

★ ★ ★

A dance concert which would normally be priced at approximately \$2.50 per person was presented to the University students and general public without charge last night at 8:15 p.m. in the Main Aud.

It was presented by the Benning College dance group under the supervision of William Bales and Letitia Evans, members of the college faculty. The group, which books their own concerts country-

wide, was brought here last night through the effort of the physical education department.

The program, which lasted approximately one hour, contained numbers such as "The Dove's Nest," "Wednesday's Child," and "Jubilee." Much of the work presented was student written.

The group is presently on a tour which will terminate March 15, enabling them to present last night's concert.

Examinations will begin at 7 in the Graphic Arts Building.

Choir Trip Covers 3,700 Miles

By GERALD MURRAY

A Cappella Choir returned to campus Monday, Feb. 9, at 4:15 p.m. from a tour of the southern states which began Jan. 27.

The 52 students along with Dr. James P. Kennedy, choir director, and George Burch, The Greyhound Bus driver, had covered nearly 3,700 miles travelling through Kentucky, Tennessee, Alabama, Florida, Georgia, North and South Carolina, Virginia, West Virginia, and Ohio.

The six and a half days spent in Florida were the highlight of the tour. Seeing the beautiful and colorful homes, eating fresh fruits and vegetables, swimming in the

Gulf of Mexico and the Atlantic Ocean, and singing to large receptive audiences are experiences which no choir member will ever forget.

During the 14-day tour the choir sang 15 concerts to audiences representing every state in the United States, and many nations of the world.

Not only did the choir serve its main purpose of entertaining, but it promoted public relations for this school, and was indeed educational. Actually travelling through the South is an education in itself, seeing the country, the cotton fields, cotton factories, citrus groves, fishing fleets, army

camp, Smoky Mountains and the Blue Ridge Mountains, and living in the homes of the influential people of the South.

At Daytona Beach, Fla., the choir travelled down a section of the 23-mile-long beach. The white sand is packed so tightly that traffic is allowed to travel on the cement-like beach. Besides singing and swimming at Daytona, the choir visited Marineland, 36 miles away. This is the only oceanarium in the eastern United States. The group saw live sharks, sea turtles, ray fish, barracuda, crabs, starfish, and the playful porpoise. There

(Continued on page 2)

Closed Rushing Period Set By IFC For Frats

A period of closed rushing has been set up by IFC governing fraternity rushing, which will extend until Friday, Feb. 27.

During this period each fraternity will be allowed one smoker. According to the rules set up by IFC if more than six independent men are with members of the same fraternity at the same time anywhere within a 50-mile radius of Bowling Green, it constitutes an illegal smoker. The only time that a fraternity may have more than six independent men together is during the hours of the one smoker that it is allowed. Any independent man who eats in a fraternity house may continue to eat there, however, he may only be in the house during the dinner hours.

No member of a fraternity is allowed to enter an independent dorm between the hours of 7 p.m. and 7 a.m. during the period of closed rushing. Any infraction of the rushing rules will subject the fraternity to a \$50 fine and revocation of its rushing rules.

On Friday, Feb. 20, the final eligibility lists from all fraternities are due in Dean Conklin's office at noon. This list must include all men whom the fraternity is considering pledging. A fraternity may not send a bid to any man whose name did not appear on that fraternity's final eligibility list.

At noon on Wednesday, Feb. 25, bids of all fraternities are due in Dean Conklin's office. These bids will be issued in the Rec Hall from 1 p.m. to 5 p.m. on Thursday, Feb. 26. On Friday morning Feb. 27, from 9 a.m. to noon, bids will be issued in Dean Conklin's office. Open rushing will then be in effect until the end of the semester.

In Our Opinion

Forward (Little) Falcon

"Eyas," our sister publication, looks like it may try to gain greater prestige among the student body this spring. The literary magazine has been rapidly losing prominence for the past few semesters.

There may be several reasons for this. One of the most obvious and presently inescapable is the lack of money, due to an arrangement where the magazine is not even partially assured that it will have operating funds.

Student acceptance or rejection of "Eyas" is up to the magazine itself, however. It can strive for higher thought and still maintain popularity by being of high caliber without the pretense of being "arty" as it

is now known to many students. "Eyas" could be esthetic without being ethereal.

More publicity should be released concerning the magazine. Thereby more articles could be submitted because students would be informed of the magazines' policy, which should include the printing of more articles. A more practical format should be developed, eliminating cost-increasing extra-large margins and oversize pictures. A more adequate method of distribution should be devised so more students can read of their classmates' writings.

These suggestions are offered as constructive criticism because we feel that "Eyas" should be more prominent due to the fact that it represents the studied thinking of the campus at this particular period.

Lines at Deadline

Here is another kind of love to think about on Valentine's Day: There is a love of the mind That holds, never loosens, More sweet than the bodily kind And much less of a nuisance.

—E. V. Knox

There's something feminine about a tree, so says a senior—it does a strip tease in the fall, goes out with bare limbs all summer, gets a new outfit every spring, and lives off the sap all winter.

Bop definition dept.:

Cool—a crazy cigarette, smoked by geniuses and musicians.

Disc Jockey—a rider in the sky, an Arcaro of the air.

Fair and Square—a dumb blonde.

A famous psychologist had finished his lecture and was answering questions. One meek student in the audience asked, "Did you say that a good poker player could hold down any sort of an executive job?"

"That's right. Does it raise a question in your mind?"

"Yes," came the reply. "What would a good poker player want with a job?"

New Policy For WBGU Newscasts

Last semester's weekly news broadcast will be continued by WBGU on a slightly different basis, Dr. Raymond W. Derr, assistant professor of journalism, disclosed last week. Only INS wire copy containing non-local news will be used in the daily newscast, he explained.

An additional program, created by students in a news writing seminar course conducted by Dr. Derr, will put significance on the background of the news as it is today.

The seminar class, open only to students who have completed radio news writing, will produce a number of these broadcasts during the semester.

The average life expectancy at birth of two-thirds of the world's people is no more than 30 years, compared to 60 years or more in the advanced countries, says a Twentieth Century Fund Survey.

A Cappella Choir

(Continued from page 1)

was excitement, too. Friday, Feb. 6, as the choir left Florida and entered Georgia, the group was involved in an accident. A pick-up truck travelling in the center of the highway, and apparently turning left, decided to make a right turn. Trying to keep up with the long schedule ahead, the bus driver had begun to pass on the right side, and smashed into the truck. The bus was forced to the shoulder of the highway, gauging deep tracks into the road. It grazed a telephone pole which blocked the front door, and barely missed a small ditch. The choir had to evacuate the bus by the emergency door. No one was injured, but the bus lost a side mirror and left front window.

The case was tried immediately at the Camden County Court House and each driver was fined \$25. The members of the choir donated the fee to the driver.

With the bus mirror replaced, and the window fixed, the group travelled on. Two days later, however, Sunday, Feb. 8, while traveling through the Blue Ridge Mountains the motor of the bus began to heat up. Half way up the first range of mountains, the bus stalled. In order to get the bus to the top of the mountain, the choir had to climb the rest of the way. At Harrisonburg, W. Va., the choir transferred to a different bus, which they used for the remainder of the trip.

Professors Teach Spring Semester Extension Courses

Thirteen extension classes have been organized for the spring semester, it has been announced by F. Eugene Beatty, assistant to the president.

Classes began last week in Bryan, Bucyrus, Fremont, Kenton, Lima, Marion, Napoleon, Paulding, Perrysburg, Sandusky, Willard, North Fairfield, and Sylvania.

Classes meet in a high school building two hours and 15 minutes a week for 17 weeks. Most courses carry three hours of college credit. The fee for the extension courses is \$7.50 for each semester hour.

The classes and instructors are: Education 404, audio-visual aid in education, will be taught by Dr. Warren J. Pelton at Bryan; at Bucyrus, an introduction course in political science will be taught by Dr. Edward S. Claffin; health and physical education will be taught by Mrs. Amy R. Torgerson at Fremont; Mrs. Phillip Wigg will give instruction in arts and crafts in Kenton; sociology 417 will be taught by Charles Ramage in Lima.

Mrs. Wigg will give instruction in arts and crafts in Napoleon; Harvey D. Miner will give instruction in art workshop in Paulding; geology and geography of the national parks will be taught by Dr. Samuel Mayfield at Perrysburg; Miss Mary Eyster will give instruction in education 351 at Sandusky; William C. Jordan will instruct Education 404 at Willard; Mrs. W. J. Abell will give instruction in English 315 at North Fairfield; and Herbert J. Oyer will give instruction in speech 223, speech problems, at Sylvania.

Courses have not yet been determined at Marion.

Start Figuring --- It's Income Tax Time Once More

The time of year has come for the physical education majors, speech majors, and every other student to once again join the mathematic majors in doing their arithmetic. It's income tax season again.

But what of income tax? Where do you file your return? Who has to file? What is the procedure? Is expert advice needed? Where is help available? These are only a few of the questions put to Dr. Gilbert Cooke at a recent interview.

Everyone who has made over \$600 or had any tax deducted should file a return. Some will have a refund coming, some will have to pay more, but all wage-earners must file. That is a federal law.

Most of the complicated procedure of filing can be ignored by using the short government Form 1040. The government allows use of this form by anyone with an income of less than \$5,000.

"The closest director's office is in Toledo," Dr. Cooke explained, "but it is the best policy to file returns at your home district office."

The reason for this, according to Dr. Cooke, is that all your records are usually kept in one place, and it is good to have those records in the district of your legal residence.

Form 1040 is a comparatively easy form to fill out. In filling out the short form, fill out only page one. Ignore any additional pages. They constitute the long form.

Help with returns is available from many sources, but perhaps the best guide for aid in filing your own return is a booklet, "Income Tax Forms for 1952," sent out by the director of Internal Revenue.

This booklet explains the basic steps in filing Form 1040. It answers all questions, from "What can you legally deduct?" to "How do you get a refund?"

If your return develops into too many problems, however, there are two other sources of help. One is the director's office in Toledo for University students or any certified public accountant or notary public.

The director's office gives free advice and aid, but most of the CPA's or notaries charge a nominal fee for their service.

The old gag about having trouble with "my income tax" is and can be out-dated if you take advantage of the expert help available.

SWIMMING SCHEDULE

The remaining swimming schedule is as follows:
Feb. 14 Cincinnati University at BG.
Feb. 21 Kenyon College at Gambier.
Feb. 28 Miami University at BG.
Mar. 7 Ohio University at BG.
Mar. 12, 13, 14 Mid-American Conference at Oxford. (Miami)
Mar. 19, 20, 21 CCC at BG.

PHOTOGRAPHERS AND CIRCULATION PEOPLE WANTED

The B-G News needs good, dependable photographers. If you can qualify and would be interested, please see Robert Bone or Harold Miller at the News office, 315 Ad Bldg., or leave a note there.

The only requirement needed for circulation staff is having free 10 and 11 o'clock periods on either Tuesday or Friday when the paper comes out, and being accurate and dependable in the work. If you desire to work on the staff see Daniel Baker, business manager, or leave a note in the B-G News office.

You Know What Today Is; Consider Yourself Warned

By LOIS NELSON

Stop!
Don't read this!
You never know what might happen if you do.

This is Friday the 13th. Check first for black cats, ladders, open manholes, and all other dangerous oddities before progressing any further with your reading. None of those in sight, eh?

Hey, what's that fiendish laughing I keep hearing? Did Helen Trent just find that Life Can Be Beautiful on the Road To Happiness if she lives in Hilltop House with Young Doctor Malone?

No, it's not Helen, it's Lucky Pierre. What? You don't know who Lucky Pierre is? He inhabits this little round earth every so often—in fact every time Friday falls on the 13th.

He starts off his fabulous day by sleeping until noon (he never heard of 8 o'clock classes—in fact, he never heard of classes period). He actually only sleeps until 10 and then he just lies in bed and listens to Julius LaRosa sing "Anywhere I Wander" for an hour and a half, sponsored by Arthur Godfrey.

Laughing Boy Rides Again

When the doorbell rings, and a Western Union boy delivers a telegram saying that Pierre's mother, father, 14 brothers, and one sister have been drowned in a flash flood, he laughs, knowing that nothing like that could happen to him on "his" day.

He laughs so hard that he's too weak to walk around that ladder stretching up to the fourth floor of the Ad Building. Splash! Whack! A pail of cement on that man standing under the ladder. This time when Pierre laughs, it sounds like a Cement Mixer singing "Putty, Putty." But the important thing is that he's still laughing, no matter what it sounds like.

Next our hero whips into his favorite restaurant, orders his favorite meal from his favorite waitress, and proceeds to play his favorite song on the jukebox (for this he uses his favorite nickel—the one with the hole in it, and the string tied through). The waitress serves his bowl of steaming hot water, and Pierre makes his own tomato soup by pouring ketchup in it (a favorite French recipe of his). He soon realizes that it wasn't plain water in that bowl, but seltzer water and he becomes horribly ill. When he laughs this time, it makes one think of the "Smiling Irishman" because our hero is so green.

Now you may not have such experiences as Lucky Pierre, but at least you've had one almost as bad. You've read this story all the way to here, when you were warned six inches back to Stop! If you can't laugh like Lucky Pierre today—don't say we didn't warn you.

P.S. Guess what day March 13 falls on?

Announcements Sold By Seniors

The senior class will sell commencement announcements from Feb. 16 to 25 in the north side of the Well, according to Peter Spang, president of the senior class.

The announcements will be sold from 9 to 12 a.m. and 1 to 4 p.m. Any profit derived from the sale of the announcements will be used to purchase a class gift.

A photo gravure type announcement is being sold this year as well as souvenir booklets and name cards.

The announcements will sell for 15 cents apiece, the name cards at \$2 per hundred, and the booklets from 40 to 75 cents apiece.

All money must be paid at time of ordering. Early ordering will insure prompt delivery and no orders will be taken after Feb. 25.

Portland 4, Oregon

PR Committee Names 41 On Sub-Group

Student Senate Public Relations Committee has named a 41-member sub-committee to take student polls and gather student opinion concerning projected Student Senate measures.

The sub-committee is composed of elected or appointed representatives of all on-campus housing units. In addition to gaining the opinions of their respective groups they will assist in publicizing Student Senate activities.

The public relations committee will use student reaction as a basis for presenting proposals to the Student Senate. At present, the sub-committee is engaged in gathering student opinion on proposed representation plans. Results of student polls will be printed and distributed prior to voting on the plans. Voting will take place before April 1.

Don Brenner is chairman of the public relations committee with Carol Tanner secretary. Other committee members are Shirley Good, Lorna Raynak, Carol Jean Kerr, Jerry Klever, and Carol Payne. Next semester two freshmen will be elected to committee membership and a junior and a senior will be named to fill vacancies created by recent resignations.

Dr. Giles R. Floyd, associate professor of English, and Paul W. Jones, director of the University News Bureau, are committee advisers.

Senate Committee To Protect Grass

A committee in charge of keeping students from walking on the grass has been formed by Student Senate, according to William Bittner, treasurer.

Bittner explained that Senate formed the committee early because of the mild winter. Alpha Phi Omega, men's service fraternity, has been asked to put up signs which usually appear in early spring. They will be erected sometime next week.

After the signs have been placed, University police will be authorized to pick up anyone walking on the grass. A violation will result in a fine of \$1.

Cleveland Store Offers Scholarships For Retail Students

The second annual Halle Bros. Co. \$1,000 scholarship to New York University's School of Retailing is now open, according to word recently received from Halle Bros. Co., Cleveland.

The award, to be made on a competitive basis, will be presented to a promising senior student interested in preparing for an executive career. Applications are being taken from students of several selected Ohio schools, including Bowling Green.

The winner of the competition will enter the New York University School of Retailing in September, 1953, for one year of professional graduate study.

Information booklets and application blanks are available in the office of Dr. Benjamin F. Pierce, dean of the College of Business Administration.

OFFICIAL Announcements

Applications for graduate assistant positions should be filed with the proper department chairman before March 1, according to Emerson C. Shuck, dean of the graduate school.

Assistantships are available, said Dean Shuck, in all departments offering courses to graduate majors. Stipends will range from \$900 to \$1,200 for the academic year, depending on the applicant's qualifications and duties assigned.

The ROTC Military Ball will be held on March 20, and not Feb. 20 as previously stated on the student activity calendar.

Another change in the calendar is the All-Campus Social which will be held on Feb. 28, instead of Feb. 21.

All Korean War veterans attending the University who have not reported their status to the V.A. office should do so immediately.

Unique 'Institution' Returns In Movie 'The Stooge'

By BUDDIE BLORE

A new generation of Americans is about to meet an old and once popular figure of show business—the stooge. It was about 20 years ago that the combined and irresistible forces of movies and economics virtually eliminated vaudeville and the stooge from the entertainment scene.

Now a movie comes along to reintroduce this unique "institution" to a movie-going public that has come of age during the past two decades. "The Stooge" is its title.

At this point it would be wise to define the word "stooge" since current usage has strayed far from the original meaning. According to the dictionary a "stooge" is "(1) an entertainer who feeds lines to a comedian and is often the subject of his ridicule (2) a person in the audience serving a similar function by heckling."

These definitions fit the role and functions of Jerry Lewis in Hal Willis' "The Stooge," Paramount's new package of hilarity which will play at the Cla-Zel Theater Sunday and Monday.

Naturally Lewis is playing "Stooge" to Dean Martin, for what is ham without eggs? However, I can't help but feel that this is really a Jerry Lewis show and at times Martin seems to monopolize too much of the screen. There are several excellent comedy bits by Lewis. The best for my money was the one that took place in the restaurant where Mr. Lewis orders a glass of hot water in which to put his own tea bag and then proceeds to produce his lunch from various pockets. The team doing a song and dance act to "Louise" ran a close second.

The supporting cast includes Polly Bergen as Martin's wife and Marion Marshall, the girl who is in love with Lewis (believe it or not). Miss Marshall, a freckle-faced June Haver, may receive some recognition in future pictures for her small, but well-played role in "The Stooge." Eddie Mayehoff of "That's My Boy" is on hand again with some laughs.

Except for the two numbers, "Louise" and "Who's Your Little Who-Zis," the music is not too typical of that by-gone vaudeville era.

Opportunities Improved For Geology Study

Opportunities for the graduate student in geology are greater than they were a few years ago, according to John R. Coash, assistant professor of geology.

Professor Coash said that the reason for this is a rising demand for geologists in geophysical companies and by the government. The U. S. Department of Labor's Bureau of Labor Statistics stated that the government needs a greater number of geologists than before because of the increased defense program.

Several graduates of the Department of Geology at Bowling Green are working for United States government. Gerald H. Johnson, '51; David E. Reed, '52; Jack R. Tischler, '52 are working for the United States Geological Survey, topographic mapping branch. Fred C. Durst, '51 secured a reserve commission as a petroleum engineer in the Navy, but as last reported, was working with a chemical concern in Cleveland. Donald A. Ahlborn, '50 was drafted after graduation and has been doing topographic mapping in central Europe with the Army Engineers.

The government needs more geologists and geophysicists to locate petroleum and minerals; meteorologists to furnish additional weather data for air force operations; geographers to supply information for foreign countries; oceanographers for research on submarine operations and amphibious landings.

Recent University alumni are among the 25,000 persons in the United States that work professionally in the earth sciences. Richard H. Gerding, '51, is with a geophysical company working in the midst of the oil strike going on in the Williston Basin. Frank D. Huntley, '49, is working in Perryburg with the France Stone laboratory.

Professor Coash added that a few courses in geology will help the business major.

Theme For '53 Key Informal Report Of University Life

Next May, students and faculty members alike will receive a voluminous report on the 1952-53 school year at Bowling Green State University. That report will be the 1953 edition of the Key.

The theme of the '53 Key will be a very informal report of the activities, both scholastic and extra-curricular, of the faculty and students.

The annual, which will be somewhat smaller than in '52, will be divided into five sections—administration and faculty, activities, sports, classes, and ads.

Mrs. Helen Diedrick, Key editor, commented when asked about the smaller book, "It will have fewer pages, but more pictures. Formal pictures have been cut to the minimum, so that smaller, informal group shots may be taken."

Taken as sections, the faculty and administrative heads will be grouped together. Last year they appeared in the pages devoted to their departments. The faculty section will be the most formal.

Activities, sports, and class sections will carry out the informal theme. Greek organizations, which are included in the activities, will show the theme at its best. Fraternities and sororities will appear in numerous small, informal shots. It is hoped that the smaller shots will picture more fraternity and sorority activities.

Sports editor Jim Turner will carry the informality into his sports section. Players will be pictured in street clothes. Many sideline pictures will also be shown, for sideline activity is rarely seen by the spectators.

Formal pictures of both the juniors and seniors will be featured again this year. Approximately 500 seniors and 450 juniors will be pictured in the Key.

According to the editor, 50 informal pictures have been taken of the freshmen and sophomores. There are between 25 to 150 students in each of these pictures, which were taken at various sites around campus. By taking the pictures at various scenic places on campus, Mrs. Diedrick explained, the editors hoped to combine class pictures and the beauty of the campus.

Most powerful car

in the low-price field!

The Striking New Bel Air 2-Door Sedan

... featuring Chevrolet's new "Blue-Flame" high-compression engine!

The '53 Chevrolet offers you the most powerful performance of any low-priced car—together with extraordinary new economy—with an entirely new 115-h.p. "Blue-Flame" Valve-in-Head engine, coupled with a new Powerglide automatic transmission.* It's the most powerful engine in its field—with an extra-high compression ratio of 7.5 to 1!

Come in... see and drive this dynamic new pacemaker of low-priced cars with all its many wonderful advancements.

Advanced High-Compression "Thrifty-King" Valve-in-Head Engine

Chevrolet also offers an advanced 108-h.p. "Thrifty-King" engine in gear-shift models, brings you blazing new performance and even greater economy. *Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Try Camels for 30 days and see how mild, how flavorful, how thoroughly enjoyable they are as your steady smoke!

More People Smoke Camels THAN ANY OTHER CIGARETTE!

Debate Team Has Favorable Record For First Semester

By DON BRENNER

Travelling 2700 miles and debating 28 different colleges, Bowling Green debaters won 27 meets and lost 16 during the first semester.

The debaters gathered a number of honors, including a tie for first place with Oberlin and Case in a novice tournament entered by 13 colleges, a second place out of 19 schools in the Otterbein Varsity Invitational, and a tie for third place with Kent State among 13 colleges in the Women's State Tournament.

At the Bradley Invitational the affirmative team received a rating of excellent and Orin Slagle was awarded one of seven superior ratings in discussion. John Maragakes received an excellent rating in discussion, while Roger Kasten and Bud Weckesser were adjudged excellent in extemporaneous speaking.

Plans for the new semester include debating before Lions, Kiwanis, Rotary, and Exchange clubs within an area of 50 miles and continuation of competitive intercollegiate debating.

It is hoped that a campus debate on a topic which is highly controversial and which vitally affects the student body can be held. The group also plans to participate in the Pi Kappa Delta national meet at Kalamazoo and the Men's State at Columbus during the week of April 5-11.

PiKA's To Open Pi Week March 1

The eleventh annual Pi Week, sponsored by Pi Kappa Alpha fraternity, will open Sunday, March 1.

This yearly celebration, honoring the group's founding, will feature a pie eating contest in the Men's Gym on Wednesday, March 4, and an all-campus semi-formal dance, Saturday, March 7.

Sororities and fraternities will present skits and compete in a contest which will be judged by faculty members.

At the Saturday night dance the fraternity will present its freshman dream girl. The fraternity will also sponsor an all-campus serenade and a dinner for sorority presidents during the week.

Air Force Reserve Offers Commissions

Mid-term college graduates who completed degree requirements in January may apply for immediate direct commissions in the United States Air Force Reserve and assignment to basic meteorology graduate training in June, according to an announcement by Major General W. O. Senter, Commanding General of the USAF Air Weather Service.

Qualified graduates, who must have received credit for one year of college physics and mathematics through integral calculus, will receive complete application forms by writing to the Commanding General, Air Weather Service, Washington 25, D.C.

During the graduate training in either basic or, later, advanced meteorology in nationally prominent schools, all tuition and other expenses are paid by the government and the student receives full pay and allowances in his current grade.

Following completion of the basic weather officer course, the officers will be initially assigned to officer basic military course and then to duty in an Air Force weather station.

Mid-term graduates who fail to submit their applications in time for the June class by March 1 will be considered for the September classes.

World War II cost the United States \$360 billion, or two years' average national income, against \$35 billion or six months' income for World War I, points out a forthcoming study of the Twentieth Century Fund.

Seven Companies Interview Students

Representatives of seven companies will interview prospective employees at Bowling Green this month, according to Gene Chandler, Bureau of Appointments.

Diamond Alkali Co. and American Can Co. representatives will interview interested chemistry majors on Feb. 16 and 27, respectively. Representatives of the Aluminum Company of America, Ford Motor Co., and Montgomery Ward will be here on Feb. 18, 19, and 20, respectively. They are interested in business administration seniors.

The Sun Life Insurance Co., interested in insurance majors, and the Arthur Young Accountants Office, interested in accounting majors, will talk with seniors on Feb. 25 and 17, respectively.

All seniors wishing to talk with one or more of these company representatives should make appointments at the Bureau of Appointments office immediately.

According to Mr. Chandler, companies are interested in talking with students even though they are going into military service upon graduation. "You are better off if you are at least associated with the company," he said. "You can't tell what the job status will be several years from now," he added.

An hour's work by the average worker would buy in 1947 at least four times the goods and services a worker got for an hour in 1847, estimates a forthcoming Twentieth Century Fund study.

The greatest tonnage of river traffic in the United States is carried by the Ohio and its tributaries, says a survey by the Twentieth Century Fund.

Students Offered Positions Under Civil Service Program

U.S. Civil Service Commission has announced an examination for Student Aid Trainee paying \$2,950 and \$3,175 a year. Most of the positions are located in various Federal agencies in Washington, D. C., and vicinity.

The examination is open to college sophomores and juniors majoring in the fields of chemistry, physics, mathematics, metallurgy, meteorology, and various branches of engineering. Appointments will be for employment during school vacation periods or for periods of employment of students in cooperative courses. Applicants must have completed appropriate college study; a written test will be given. Students who expect to complete the required study by June 30, 1953 may apply. Applications will be accepted until further notice.

Full information regarding the training program and the requirements for applying are available at most first and second-class post offices, and at the U. S. Civil Service Commission, Washington 25, D. C.

Kleckner Speaks To Pre-Law Club

Dr. D. C. Kleckner of the speech department will speak on "Parliamentary Procedure in Its Relation to Law Students," at a meeting of Pre-Law Club Wednesday, Feb. 18, at 7:30 p.m. in 11 Gate Theatre.

The club will discuss plans for a trip to the Federal District Court in Toledo, a trip to an Ohio law school, and the visit of the prominent Negro attorney, Benjamin Fisher of Toledo.

Magazine Report Ranks Scholarship

A national magazine report "Where Do the Top Students Go?" is incorporated in a sixteen-page portfolio "College: Whether to Go, Where to Go," in its current issue.

The complete study will be published this spring in "The Younger American Scholar; His Collegiate Origins" by Robert H. Knapp and Joseph J. Greenbaum, both of Wesleyan University.

It reported that the top six women's colleges in the production of scholars are Bryn Mawr, Barnard, Radcliffe, Vassar, MacMurray College for Women, and Mount Holyoke.

The top six co-ed colleges for producing women scholars are Swarthmore, Reed, University of Chicago, Oberlin, Carleton, and Antioch.

Today's B-G News has six pages of news and features.

TU Wins Easily In 'Peace Pipe' Game

Soph Pivot Sparks 65-50 Rocket Win; Al Nets 18

With Frank Ayers and Harry Nicholson as pace setters and Bowling Green as an opponent, the Toledo Rockets rolled over the Falcons here Wednesday night in Men's Gym 65-50.

After that one, a few people may share the same feeling as one gent I overheard as he left the Gym; that is "there hasn't been a really good basketball game at Bowling Green since the Share and Otten days when winning streaks of the Falcons were beyond compare."

One thing is for certain, Bowling Green wasn't out on the court to see who kept or won possession of the Peace Pipe, but to make a ball game of the whole affair, and that they did until the Rocket machine started to roll.

Falcons Lead

Nicholson opened the scoring with a free throw but a free toss and two successive goals by John Slesinger put the Falcons ahead momentarily 5-1.

Nichols, Spice, and Nicholson hit goals and Ayers cashed in on a foul shot before the Bowling Green squad could roll once more and led 7-5 until Al Bianchi hit two goals to put the locals into the lead for the last time in the entire contest 9-8.

As the first period closed, Bowling Green was on the short end of a 15-14 count. Most shots in the beginning phase were set or jump shots with little pivot work. Toledo soon ended this, however, as Ayers started to hit in the second quarter.

Bill Sherin played a great game under the boards in the initial stanza but seemed too stiff or too uncertain of himself to shoot and as a result didn't score a point the entire night.

BG Falls In Second

Bianchi tied the ball game at 15-15 going into the second quarter, but from there on it was a rout. Nichols, Russell, Ayers, and Russell again hit for goals and TU led 24-15 before George Reis finally broke the ice for the Falcons with two points. Nichols and Ayers continued on their drive-ins and pivot shots respectively throughout the quarter while Bowling Green managed only a single goal and five foul shots

during the quarter. The Falcons were outscored 15 to 8 in the second stanza and dropped to a 30-22 count by halftime.

Sherin Fouls Out

Sherin fouled out in the third quarter to make things even tougher for Bowling Green as far as height was concerned and again Toledo led the scoring 21-15. Ayers connected on layups and Nicholson hit on practically every drive in.

In the fourth, Bianchi, Drago, and Slesinger all fouled out leaving a five composed of four regulars, Reis, Rogers, Ellis, and Ray, along with John Ladd, a great end but a boy not too familiar with the court game.

Toledo played a cat and mouse game throughout the final 10 minutes, executing a very nice stalling game that had Bowling Green up a tree until the gun sounded.

Falcons Miss 15 Free Throws

The Falcons hit on only 20 of 35 free throws while Toledo cashed in on 25 of 29.

As the record now stands, of the 45 games played between Toledo and Bowling Green, the Falcons still hold a 23-22 edge. Of the 11 games played while Coach Jerry Bush and Coach Harold Anderson headed the two clubs, Bowling Green has a 7-4 advantage.

Box Score:

	G	F	TP
Toledo:			
Nicholson	3	6	12
Spice	3	3	9
Martin	0	2	2
Russell	2	2	6
Ayers	6	6	18
Nichols	3	3	9
Pazdizior	3	3	9
Totals:	20	25	65
B Bowling Green:			
Ellis	1	1	3
Bianchi	4	10	18
Reis	4	0	8
Drago	1	2	4
Slesinger	3	4	10
Rogers	0	3	3
Ray	2	0	4
Totals:	15	20	50

Tankers Seek Sixth Win In Bearcat Meet

Coach Sam Cooper's Falcon swimming team will be out to gain victory number six tomorrow when Cincinnati's unpredictable squad invades the University Natatorium for the continuation of a rivalry that dates back seven years.

Bowling Green holds a wide edge in the series, having won five of the meets, including a 65-19 drubbing at Cincinnati last season. The local swimmers took every first place event in that one, and with the continued improvement of this year's team, the feat might well repeat itself.

Bearcats Once A Power

It's hard to say what kind of squad the Bearcat tankers will present this year. Cincinnati,

Herb Scogg of the University swimming team is shown above flashing his victory smile. Herb is co-captain of the team.

once a swimming power that gave most teams in the country a run for their money, has fallen off considerably in the sport in the last couple of seasons, mainly because of the ineligibility of certain swimmers.

Also, the Cincinnati pool is one of the oldest, and as a result, one of the poorest in the mid-West. The institution is making strides to get back on top, and, if it could land one or two top performers, might soon be producing teams like it had in the past. At one time Cincinnati was good enough to take top honors in the NCAA meet.

The Falcons, who took their fifth win of the season Wednesday at Wayne, Mich., 55-38, will be led by such stalwarts as Herb Scogg, John Bruce (co-captains), Jim Longnecker, and Fred Gerbing in tomorrow's battle.

Scogg Is Versatile

Scogg, possibly the most versatile swimmer this school has ever seen, is liable to swim anything. He has been doing excellent work in the backstroke, as well as free style department, this season.

Bruce is the top breaststroke man; Longnecker and Gerbing should come through with their usual fine work in the distance and sprint events respectively. Bill Dellen is another sprinter who has been coming through for the Falcons.

A converted breaststroker, Ed Levy, should also help out in the sprints. George Ensign specializes in the individual medley, and Ron Lauber in diving.

Dressel Coming Along

Coach Cooper had a good word for sophomore Paul Dressel, who is "coming along very nicely." He's a backstroke and distance man.

The loss of Phil Slaymaker, who dropped from school to join the Navy, will hurt the team, according to Coach Cooper. It restricts the juggling of men in the different events as he was prone to do in previous meets this year.

The Wayne meet, termed "a pretty tough one" by Coach Cooper, was closer than the 55-38 score indicated in that both teams had an equal number of firsts, five.

However, the score was held down somewhat by experimenting with some of the swimmers by shifting them into different events.

Scogg Wins Two Events

Herb Scogg was top man in the win department, taking firsts in the backstroke, and the 50-yard free style event. He was also a member of the winning relay team made up of sprinters Ensign, Del-

Loyola Of South, Duquesne Next For Cagers; Jim Tucker Back

Sigs, Kappa Sigma Meet For Cage Lead

Fraternity basketball will get back into full swing Monday night after a two week layoff between semesters.

Sigma Chi and Kappa Sigma will be fighting for the lead in League 1 when they clash Monday. Both teams have identical three won no lost records going into this game.

Sigma Alpha Epsilon and Delta Upsilon are tied for the lead in League 2 with three won no lost records. Both will be making a bid for the lead as they meet in one of the evening's most important games.

League standings are as follows:

LEAGUE 1	W	L
Sigma Chi	3	0
Kappa Sigma	3	0
Delta Tau Delta	2	1
Phi Kappa Tau	1	2
Theta Chi	1	2
Zeta Beta Tau	1	2
Alpha Tau Omega	0	3
Alpha Sigma Phi	0	3
LEAGUE 2	W	L
Sigma Alpha Epsilon	3	0
Delta Upsilon	3	0
Phi Delta Theta	2	1
Sigma Nu	1	1
Pi Kappa Alpha	1	1
Sigma Phi Epsilon	1	2
Theta Xi	0	3
Phi Kappa Psi	0	3

Bowling Green's cagers meet some very good competition this week end in Loyola of the South and a return engagement with Duquesne.

The Wolfpack invades the Men's Gym tonight for a contest with the Falcons. Coach Harold Anderson will then take his squad to the Gardens in Pittsburgh Monday for a return meeting with Coach Dudley Moore's Iron Dukes.

Loyola meets the Falcons at a very bad time in the season and could pull an upset. The Bowling Green five may be looking past Loyola tonight to the game with Duquesne Monday. Although Loyola had a 9-9 record going into the game with Detroit last Wednesday, they have not played the caliber of teams the Orange and Brown have. But they have improved greatly in the last few games and pressed both Dayton and Western Kentucky before falling in the closing minutes.

Reynoir Leading Loyola Scorer

Scoring leader for the Wolfpack is 6'5" Gus Reynoir, who also has a brother on the squad. Probable starters for Loyola will be Reynoir, Ed Galvin, 6'5"; Bob O'Donnell, 5'11"; Bob Hanberg, 6'3"; and Bob Reynoir, 6'2".

When Bowling Green meets Duquesne in the return engagement the Red and Blue will be strengthened by Jim Tucker who was ineligible in the last meeting.

Tucker has been the all-time leading scorer for the Pittsburgh school. He scored 42 points last

year against Baldwin-Wallace to set the new record.

Dukes Have 13-7 Record

Duquesne has a 13-7 record going into the Falcon tilt. In the first encounter this year Duquesne edged the Falcons 57-56. Coach Moore, who was named "Coach of the Year" last year, will probably bench Fletcher Johnson, who played very impressive ball here in the first game, in order to start Tucker.

Dick Ricketts, who led the Dukes here with 25 points, will once again be very tough. Al Bailey, Steve Garay, and Sid Dambart will round out the lineup.

Coach Anderson is expected to stick with Bill Rogers, George Reis, Al Bianchi, Boo Ellis, and Lou Drago for both tilts.

Pledges were initiated into the Sigma Phi Epsilon fraternity Sunday. New members are: Joseph McKinley, John Curtin, Allen Miller, Ronald Soule, and Donald Grant.

Grapplers At TU Monday; Rockets Are 6th In Nation

The matmen of Bowling Green engage the grapplers of Toledo University, who are ranked sixth in the nation, Monday evening at 8 p.m. at the TU fieldhouse.

The hopes of the Falcons rest on unbeaten Fred Durig in the heavyweight division, once beaten Tom Hoskinson in the 123-pound class, and Tony Mencini in the 147-pound class.

Toledo has lost to only Michigan and Pittsburgh, two of the strongest squads in the country, to earn their sixth-ranked position in the national ratings. Led by captain Ed Lanzi in the 177-pound division, Dick Torrio, unbeaten heavyweight, and Kerlin in the 123-pound division, Toledo looks very tough. All of these men were MAC champs last year. The Rockets are a pretty safe bet to repeat as conference kings.

Two Good Matches Expected

Two matches loom as outstanding. The meeting between the two unbeaten heavyweights, Fred Durig and Dick Torrio, and the match between Tony Mencini and Miller in the 147-pound division. Mencini and Miller have met three times, with Miller the winner in all three matches — but never by more than one point.

The Falcons have been weakened by an injury to John Ladd and the withdrawal of Jim Rea from the squad because of a heavy schedule. Manley Anderson will fill the spot left by Rea. Dick Kline has been injured since the first match against Findlay and Mike Longuil has been ineligible all year. There are three outstanding freshmen on the squad, Dan Kaiser, Jerry Velick, and Duane Barry, but all are ineligible for varsity competition. Coach Ballard expects these men to strengthen his squad next year.

Three Matches Remain

The Falcons conclude their schedule with a match against

Splashers Lose 44-66 Despite New Record

Setting a new record and having several first and second place wins was not enough to give the Bowling Green Splashers, women's swimming team, a victory over the Michigan State Spartans, being defeated by the score of 44 to 63 in last Saturday's contest.

Sue Mignerey set a new East Lansing pool record shaving one full second off the 60-yard free style event. She also placed first in the 30-yard free style and second in the 90-yard individual medley.

Sallie Buck took first place honors in the 30-yard backstroke and he solo synchronized events. She placed second in the 60-yard backstroke.

Those two girls teamed with Frances Isch to take first place in the 90-yard medley relay.

Eve Williams and Constance Wood lost a one-point decision for first place in the duet synchronized event.

The Michigan State Spartans will pay Bowling Green a return visit tomorrow afternoon in the Natatorium directly after the men's meet.

Will Saturday Be All Right?

len, Scogg, and Gerbing.

DaDeppo Wayne's Best

The most exciting race of the day was between Gerbing and Wayne's fine swimmer Don DaDeppo in the 220 free style event. DaDeppo barely edged the Falcon entry.

DaDeppo also won the 200-yard breaststroke with the excellent time of 2:28.4. Other Wayne firsts came in the 440-yard free style event where Joe McNickol edged BG's Longnecker and in the 100-yard freestyle, won by Joe Kolpacke.

'Sweetheart Swing' Dance Tops Week-End Offerings

To celebrate St. Valentine's Day Alpha Xi Delta is sponsoring its twentieth annual Sweetheart's Swing. The dance will be held in the Women's Gym from 9 to 12 on Saturday night. Ken Weil and his orchestra will provide music for the cupid-inspired dance.

Abe 'Assassinated' Last Monday Night At Williams Hall

Lincoln was "assassinated" at Williams Hall Monday night, during a dorm party which featured scenes from the life of Abraham Lincoln. President Lincoln was played by Erlene Reynolds, second floor director; Mrs. Lincoln by Mrs. Clara Hambright, the house-mother; and the villain was Luane Wistler.

Students participating in other scenes were Shirlee Musser, Abe's mother; Nancy Peterson, a log; Mary Berg, Abe the log splitter; Louise Kiss, Abe the grocer clerk; Joan McCarthy, a customer; Margaret Bratton, Abe the lawyer; Diane Smith, a little girl; and Mary Hieb, narrator.

After the play refreshments were served to all Williams Hall residents.

English Honorary Elects New Officers

Thomas Dunford was elected president of Sigma Tau Delta, national professional society in English on Jan. 18. Other new officers are Kay Porteous, vice-president; Sharon Cole, secretary; and James Anderson, treasurer.

Past officers were Mary Jane McFall, president; June Emery, vice-president; and Lois Stebbins, secretary-treasurer.

The honorary now has 42 members and would like to contact another chapter near-by, in hopes of arranging a joint meeting, according to Dunford.

Taylor Resigns Position Of Social Chairman

Jack Taylor, student social chairman for the past two and a half years, has resigned in order to student teach this semester, it was announced by Alma Payne, University social chairman.

Miss Payne also stated that she will be in the social office during the following hours: Tuesday, 10-12 a.m.; Wednesday, 11-12 a.m.; and Thursday, 9-12 a.m. There will be no new student chairman as much of the work of the social committee will be coordinated with the Office of Student Affairs. John Grossman will assist Miss Payne in the Social Office. Jack Huffman will be in charge of the campus theatre and Stuart R. Givens will work with Miss Payne in the coordinating of the entire social program. Freshman work for the remainder of the year will be directed by Nancy Hirschy and Raymond Fernandez.

Falcon Fling Follows Basketball Game In Gym Tonight

Following tonight's game the "Falcon Fling," an all-campus dance sponsored by the Social Sub, will be held from 9-12 p.m. in the Woman's Gym.

Ann Mitchell will preside as student chairman for this dance. Her committee includes Carol Welling, Shirley Nelson, Mary Jane Koenig, Doris Cvetic, Joyce Blanc, and Barbara Cook.

A soft drink stand will serve thirsty students. This service is being offered to all campus organizations who present week-end dances. No charge is made for this service which may be obtained by contacting Jerry Banniga at Falcon Hall.

Newman Club Lists Semester Officers

Newly installed officers of the Newman Club are Frederic Lica, president; Ted Lanas, vice-president; Dorothy Spooner, recording secretary; Joan McCarthy, corresponding secretary; Linda Bremer, treasurer; and Eugene Popielec, sergeant-at-arms.

First Series Of Rush Parties Begins Today

Olive Webster, president of Panhellenic Council, said the council felt that the master plan of rushing, whereby all girls have a chance to visit most sorority open houses twice, worked effectively this year.

Starting today and tomorrow freshman girls and upperclassmen who are rushing will attend the first series of rush parties. Invitations for these parties were delivered to the girls, who made their acceptances and regrets to Dean Currier's office by the specified time last Thursday. Rushes could accept only five invitations to these parties and are not to be escorted by sorority women to them. For this set of parties the sororities may decorate and serve refreshments.

The schedule for these parties is as follows:

Feb. 13, 7-9 p.m.: Alpha Xi Delta, Alpha Gamma Delta, and Alpha Delta Pi.

Feb. 14, 9-11 a.m.: Delta Zeta and Delta Gamma; 1-3 p.m.: Gamma Phi Beta and Alpha Phi; 3:30-5:30 p.m.: Phi Mu and Chi Omega; 7-9 p.m.: Kappa Delta and Alpha Chi Omega.

UCF Meets Tonight; 'Big Scoop' Slated

United Christian Fellowship will meet at 6:30 p.m. tonight in the Wesley Building, according to Virginia Nill, chairman.

"The Big Scoop," a report by the persons who attended the Citizenship Seminar in New York and Washington, D.C., will be the highlight of the meeting.

Students and faculty members are welcome, Miss Nill said.

LITTLE MAN ON CAMPUS

by Dick Bibler

We're scoutin' for th' wrestling team an th' coach here is quite taken with yer style—Interested?"

Newmanites To Hear Bishop's Radio Telecasts

Newman Club has secured the TV and radio telecasts of Bishop Fulton J. Sheen and will present them on Sunday evenings in the PA Aud. The first showing will be on Feb. 15, at 7:30.

Bishop Sheen, who gives a weekly radio and television broadcast, has recently been chosen "Man of the Year" by radio and television authorities.

Biology Honorary Has Applications

Applications for membership to Beta Beta Beta, national recognition society in biology, are available on the bulletin board on the third floor of Moseley Hall. Requirements for membership are also posted on the board.

An initiation banquet for new members will be held at the Commons Saturday, March 7.

Two-thirds of the world's people get an average of 2,000 food calories a day—barely enough to support life—says a Twentieth Century Fund study.

LSA And UCF Hold Joint Meeting In Prout Chapel

A joint meeting of the Lutheran Student Association and the United Christian Fellowship will be held at 6 p.m. Sunday, Feb. 15, in Prout Chapel, it was announced by John Cold, chairman.

The first part of the meeting will be an observance of the World Students Christian Federation's "World Day of Prayer For Students." This service is observed in 40 countries.

Following the services, Harold Seamans, public liaison director from Washington, D.C., will speak on "The Role of the United States in Foreign Policy."

Alpha Sigs Arrange Open House Sunday

Alpha Sigma Phi fraternity will hold an open house Sunday from 2 to 5 p.m. at their new home, 126 Court St.

Members of the administration, representatives of campus fraternities and sororities and parents of the group's members have been invited to attend.

The fraternity moved into its new home last fall, and has painted the outside, as well as completely redecorated the interior. Fourteen members are living there.

Officers of Alpha Sigma Phi are: Robert Pool, president; Samuel Morgan, vice-president; John Hummel, secretary; and Donald Reese, treasurer.

German Club Meets Monday In Rec Hall

German Club will hold its first meeting of the semester Monday, Feb. 16, at 7:30 p.m. in the Rec Hall. Barbara Shiller, president, urged all members to attend.

Age Old Celebration Hails Cupid's Reign On Valentine's Day

By LOIS NELSON

Did you know that tomorrow is 1,683 years old? Well, not really the day itself, but the holiday we will be celebrating.

On Feb. 14, 270 A.D., St. Valentine, bishop of Rome, was put to death by the emperor for converting so many pagan Romans to Christianity which displeased his ruler. Possessing a remarkable gift of eloquence, St. Valentine was able to sway the Romans to his way of thinking.

In honor of this Saint, we celebrate what has become one of the most commercialized events of the winter season. According to the ads, if a husband doesn't send his wife a dozen red roses, a 5-lb. box of candy, and a heart-shaped diamond scatter pin with a 50 cent card enclosed with each, he could be divorced on the grounds of mental cruelty.

Cupid, and his bow and arrow, have been stronger, and often more feared, than the A-bomb. This symbol of love and devotion has come to be the symbol for Valentine's Day also. It is on this occasion that secret lovers are shot by the famous arrow, and feel the great urge to rush to the nearest drug or department store for a card expressing their tender sentiments.

In closing, we have a poem dedicated to all lovers:
Some men break your heart in two,
Some men fawn and flatter,
Some men never look at you;
And that cleans up the matter.
Dorothy Parker

Religious Group Elects Officers For Semester

Bowling Green's first Jewish Congregation conducted elections for the second semester last Monday night. Newly-installed officers are Norbert Billig, president; Sheldon Stern, vice-president; Joyce Baron, recording secretary; Erwin Falkenheim, treasurer; and Bev Ravin, corresponding secretary.

Services are held each Friday evening in Prout Chapel at 7:30 p.m. Early in March, the local chapter of B'nai B'rith men's club will be the congregation's guests at a service. Afterward, joint reception will take place.

Smart students know just how to treat
Mid-term anxiety.
They take time out for Lucky Strike
It's good psychology!

Herbert Walker
Indiana University

Nothing-no, nothing-beats better taste

and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?
You know, yourself, you smoke for enjoyment.
And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother!
Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.
So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-GO LUCKY!

In home ec, math, or chemistry,
There's one thing you can't measure;
It is a pack of Lucky Strike
For deep-down smoking pleasure!

Lois Epstein
Buffalo State Teachers College

Some hieroglyphics stumped a prof
Of archaeology;
But when he worked them out, they said
That L.S./M.F.T.

Bernard F. Pierce
University of California

COLLEGE STUDENTS PREFER LUCKIES IN NATION-WIDE SURVEY!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette by a wide margin. No. 1 reason—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.
